

FIELD DIVER MEDIC/FIRST RESPONDER COURSE

Learn how to be prepared and act confidently with the knowledge and skills necessary to deal with any diving based medical emergency.

So what is this course? The Field Diver Medic/First Responder Course is a course designed for Dive Leaders, Dive Instructors, Scientific Divers, Police, Fire and Public Safety Divers.

The course is very intensive and of an Advanced Level of First Aid. We want you to put all of your skills learnt in the 5 days to be able to tackle any Diving Emergency and feel confident you did everything you could to help. We have a very busy schedule and you will do a number of real-life scenarios through the course, so a lot of hands on.....and it will be fun too.

What are the Pre-requisites to do the course:

Having learnt CPR and First aid in the past would be of an advantage, however you will learn everything you need to during the course. You must be of good health and able to do a lot of moving and handling of people.

Do I have to be an EMT/Paramedic to do the course? No not at all. We do not teach invasive procedures on this course and it is a field based course not a Hyperbaric course.

Subjects covered in the 5 day course

Role and Responsibility of a Diver Medic, Incident Assessment, Patient Assessment, Airway Assessment, Oxygen Administration, CPR and AED, Breathing Difficulties, Anaphylaxis, Diabetes, Head Injuries, Seizures Heart Conditions, Vital Signs, Management of minor and catastrophic bleeding, Poisoning Burns and scalds, Environmental Exposures, Drowning, Muscular-skeletal trauma, Diving Physics Decompression Sickness, Gas Toxicity, Ear Injuries and use of Otoscope, Lung Injuries, Marine Life Injuries

What certificate will I get? The Diver Medic has teamed up with Lifeguard Systems to bring you this amazing course. You will receive a wall certificate valid for two years.

How much is the course? The cost of the course is \$750.00. You will receive a handbook, student kit, Diver Medic t-shirt and wall certificate.
