Aquatic Death and Homicidal Drowning Investigations

Fragile accident or homicide?

For all Dive Team members and Law enforcement personnel including:
Detectives, Patrol Officers, Crime Scene Technicians, Medical Examiners, Coroners, and Prosecutors.

Drowning is the second most common cause of accidental death to children and 3rd for adults.

Our research shows that an estimated **twenty percent of child & women drowning incidents may be homicides.**

What were you taught about Body-Found-In-Water Investigations?

- Is it a body dump or a drowning? State-of-the-art diagnostics of drowning
- What to photo and document on body & scene
- Bathtub, bucket, toilet, pool, & openwater incidents.
- SIDS or Homicidal Drowning?
- Preservation of possible water crime scene
- What happens to submerged bodies and evidence?
- Submerged evidence recovery / processing (DNA, weapons, fabrics, pollen etc).
- Was it not there, or did the dive team miss it?- How to tell the difference
- Indications of homicides by drowning.
- Autoerotic aquatic asphyxia and aquatic sexual sadism

Too few cases are investigated with body-in-water knowledge, and even fewer end in convictions.

If there is an investigation, it normally begins days to months after the incident, which means critical scene evidence is likely lost.

Without training in the specifics of homicidal drowning red flags most incidents will appear accidental. Learn what information to collect on every drowning or body-found-in-water scene.

This program will change the way you look at and manage water-related incidents.

This is a program you cannot afford to miss!!

Course Name: *Aquatic Death and Homicidal Drowning Investigations*

Location: Location: *Southern Oklahoma Technology Center, Sem. A, Ardmore, OK*

Dates: *July 12-13, 2016*

Is this your first LGS class? _____

How did you learn about *this* class? _____

Name (for certificate): _____ Rank: _____

Address: _____

City: _____ State: _____ Zip Code: _____

Day Phone # _____ -- _____ Cell Phone # _____ - _____ - _____

Fax # _____ - - _____ e-mail address _____ @ _____

Occupation: _____

Name of FD, PD, EMS, you are from: _____

Name of person in charge of team or dept: _____ Phone
(_____) - _____ - _____

Diver? _____ On a team? _____ Level: _____ Cert. agency: _

Approximate # of dives: _____ Years diving: _____

Course spot will be reserved by (PO or Voucher #, credit card, check, etc...)?

Name on Credit Card: _____ Address: _____

Credit Card #: _____ Exp. Date: _____ CV Code: _____

Course to be paid by ___ Department or ___ Individual (please check one)

Billing address:

What do you most want to learn from this class? This is important because there is too much information to fit in two days so we want to ensure that you learn what you most want to hear about.

Have you ever worked on drowning incidents? _____ If you answered yes, please describe and state what the manners of death were. Please use the back as necessary.
