

Is Your Team Fully Ready to Perform a Safe, Rapid Swiftwater Rescue?

**We have the highest standards
in the industry to make sure
YOU can GO HOME
when the job is done.**

**Bergen County Regional
Scuba Taskforce
Presents
Lifeguard Systems
Swiftwater Surface
Rescue Program
October 18-20, 2019
Mahwah, NJ**

**If your location has the potential
for flooding this course is a must!**

**Course cost: Paid for by Bergen
County OEM—zero cost to student
Course fee includes Wall Certificate**

Whitewater sports, floods, and accidents are on the rise, putting fire, police and EMS at possibly more risk than any other type of rescue. One mistake can lead to multiple rescuer fatalities in a matter of seconds.

**This is a course you cannot afford
to miss!**

Can your team confidently and rapidly :

- ◆ Read the water to plan staging locations to avoid missing the victims?
- ◆ Plant spotters with throw bags and set up low angle rigging to deploy a vessel?
- ◆ Establish victim positive buoyancy and use sash weights?
- ◆ Rapid z-system set-ups, technician deployment, and victim extrication
- ◆ Properly handle patients to prevent further injury & increase survival chances?
- ◆ Prevent costly equipment purchasing mistakes?

**If your location has the potential for flooding
this course is a must!** You will learn how to perform safe and effective rescues from the time of the call till the patient arrives at the hospital.
